

Willapa

National Wildlife Refuge Big Game Hunting Regulations 2022–2023

Welcome

Willapa National Wildlife Refuge was established in 1937 to protect migrating and wintering populations of Brant, other waterfowl, shorebirds, and other migratory birds, and for other conservation purposes.

Watch the Tides

Hunters are cautioned to pay attention to tidal fluctuations when hunting tidal areas.

Hours

The Refuge is open daily from dawn to dusk. Hunting access is from 1 1/2 hours before legal sunrise until 1 1/2 hours after legal sunset.

Safety Zones

Hunting is prohibited within 150 yards of roads, trails, dikes, buildings and parking areas.

Foot Traffic Only

All units of the Refuge are open to foot traffic only unless otherwise specified.

Boats

Boats may be used to access the Refuge. For safety, know the local tide conditions. Tidal flows and fluctuations, and strong winds can make boating difficult and sometimes dangerous. A boat launch ramp is located at Cutthroat Creek on Hwy 101 north of milepost 24 and car-top boat access (canoes/kayaks) is located at Riekkola.

Blinds and Tree Stands

Tree stands may stay in place for 3 days and must be labeled with the hunter's name, phone number, and the date the stand was set-up. The stand may be set-up 1 1/2 hours before legal sunrise and must be removed before 1 1/2 hours after legal sunset on the third day. Digging, cutting trees, and vegetation altering for stand or blind placement is not permitted. Permanent blinds, platforms, ladders and screw-in foot pegs are prohibited.

Removal of Items Prohibited

Collecting and removing ANY archeological, historical, or natural material such as plants, mushrooms, berries, or antler sheds is prohibited.

Dogs

Dogs are prohibited on the Refuge, except service dogs and dogs used for waterfowl hunting.

Bait

Distribution of bait and hunting over bait is prohibited.

Fires

Fires are prohibited on the Refuge, except in designated areas in campgrounds on Long Island.

Shellfish Harvesting

State owned tidelands are open to public clamming in designated areas on the western side of Long Island. Privately owned tidelands are closed to the public.

Motorized Equipment

Motorized equipment including all-terrain-vehicles (ATV's), dirt bikes, e-bikes, generators, and chain saws are prohibited.

Camping On Long Island

Camping is allowed in designated sites only. No more than 5 people per camp site, and camping is limited to 14 consecutive days (determined by the first member of the camping party's arrival at the campsite). Only downed wood may be used for firewood. Campers are encouraged to camp bear friendly and exercise "Leave No Trace" practices. A camping permit is required during, and one week prior to, the early elk archery season ONLY. Self-issue camping permits are available on a first-come, first-serve basis at the kiosk at Cutthroat Creek. Camping permits are required for both hunters and non-hunters.

Firearms

Persons possessing, transporting, or carrying firearms on National Wildlife Refuge System lands must comply with all provisions of State and local law. Persons may only use (discharge) firearms in accordance with refuge regulations (50 CFR 27.42 and specific refuge regulations in 50 CFR Part 32.)

Alcohol

The use or possession of alcoholic beverages while hunting is prohibited.

Vehicles

Licensed motor vehicles are permitted only on public use roads as shown on the map. ATVs and UTVs are prohibited.

Accessibility Information

Equal opportunity to participate in and benefit from programs and activities of the U.S. Fish and Wildlife Service is available to all individuals regardless of physical or mental ability. For more information please contact the U.S. Department of the Interior, Office of Equal Opportunity, <https://www.doi.gov/pmb/eeo/public-civil-rights>.

Access

Hunters must park in designated parking areas, as identified on the map (reverse side), to access the Refuge for hunting. Gates opened to enter the hunting area from designated access points must be closed immediately after passing through. Access to the Refuge from private property is prohibited.

Hunting and Fishing Regulations

Hunting and fishing regulations are designed to provide safe recreational opportunities through wise use of renewable wildlife resources. Hunting and fishing are permitted in accordance with Federal regulations governing public use on National Wildlife Refuges as set forth in Title 50 of the Code of Federal Regulations. Hunting and fishing will be in accordance with applicable State of Washington regulations subject to the conditions stated below. Brochures may be obtained by mail, at the refuge headquarters, or from the refuge website.
