

### What are our Decisions?

- Status (Threatened, Endangered, Not Warranted)
  - SPR
  - PECE Analysis
- DPS(s)
- 4(d) (depending on status)
- Critical Habitat (depending on status)

### DPS Analysis

- The DPS Framework is being generated this spring.
- After the framework is created, there will be a location of potential areas of concern (possibly potential DPSs or potential SPRs).
- The determination for any DPS will be made later in the process.

### What are the constraints?

- **Time.** We're facing a court-ordered deadline of September, 2015.
- **2010 Finding.** The Service is on record that greater sage-grouse warrants listing.
