Steve,

I wanted to follow up to see if FWS representatives had availability tomorrow for this site visit? In addition to the Douglas wildlife passages, there is also interest in heading to the San Pedro area for a visit to those planned wildlife passages in the afternoon.

Please let me know if you have any questions or if there is someone else I should be coordinating with.

Sincerely,

On Friday's DOI working session, we mentioned setting up a site visit this week for FWS and BLM to visit the areas where they planned to install wildlife passages in the Tucson 3 project area (near Douglas). It looks like Wednesday or Friday is best for Border Patrol. Please advise as to who the best representatives are to participate in this visit from FWS and BLM, and if they are available this Wednesday or Friday.
