Sounds like CBP plans to continue to send us use reports as long as the contractor is active.

Hi Steve,

As long as the contractor is using water, they must report it. Therefore, we should be able to continue sending regular updates on water use in the area.

Best,
Yuliya

Happy afternoon!

With the changes that are occurring, do you anticipate still being able to share the water usage reports with us as long as the well use continues?

Steve
