**Subject:** [EXTERNAL] Small Wildlife Openings - Additional Information Needed

Brent – Per our conversation, I am seeking your assistance with obtaining additional information about the locations identified by USFWS, NPS, and BLM for the small wildlife openings. The additional information needed is as follows.

- Are there any listed Threatened & Endangered (T&E) Species the wildlife passages intend to mitigate?
- If the small wildlife openings are not meant for a specific T&E species, what animals would benefit from the openings?
- What basis/data/methodology did BLM, NPS, and FWS use to identify the locations of the passages?
- What makes an opening a priority 1 vs a priority 2?

If we could get responses to the above questions tomorrow afternoon, it would be greatly appreciated.

Thank you,
