Yes, we're basically flagging that for someone else to decide and leaving a placeholder. It can stay on FO letterhead.

Subject: Re: MN DNR letter

Okay great. So just to clarify, I will use the FO letterhead (per Andrew's suggestion) for now and retain the signatory question/comment box for Q. Then we can change to RO letterhead, and change signatory info later if needed?

Great - thanks for the follow up. I think we still leave in the question/comment/placeholder for who will be the signatory. If there's no further updates, the draft can go to Q when you're ready.

I had intended to follow up on something that did not seem quite right, not now that I have given it a second read, everything looks good. My comments were captured correctly and The FO should be sending this letter out. Thanks for following up.

- Andrew

Hi Andrew,

I hope to send the draft MN DNR letter regarding their HCP/ITP application to Q sometime tomorrow for her review. Do you think you would be able to take a quick look at the letter and let me know if I represented your comments accurately and if you have any additional comments on the letter? I hope you are having a good week 😊.

Hi Shauna and Andrew,

Attached is the draft letter to MN DNR regarding their HCP/ITP application for their trapping program. Andrew, if you don't mind reviewing the letter, it would be helpful to know if I represented your comments accurately.
