Ok, we aren't expecting any more comments from the RO. Let's try to get this out the door as soon as we can. Thanks!

Subject: lynx ITP comments from Lori

Hello Megan - Lori provided two comments on the ITP response. Would you please incorporate responsive language in the attached draft?

- In first paragraph reference that we are following up as promised during our Jan 6 virtual meeting
- regarding the NEPA, suggest the HCP Planning assistance grants to states (which they didn't want back in 2008) as an opportunity to help with funding (and for updating the HCP).

We may also still see comments from Alisa, but I thought you could get started on Lori's comments regardless. Lori would like us to transmit this letter to the DNR this week.

Thanks!
