INCIDENT	Reported: 11-11-2020 1342				
	Committed Start: Committed End:				
	Title: Trapping How Received: Phone				
	Summary:				
	Trapper called with report of incidental lynx caught in a coyote trap. Responded to site with trapper and confirmed that it was lynx with it's left paw in the trap. Trap was a double coil off-set jaw style trap and the lynx was not in any obvious distress. Lynx was released from trap with aid of ply board with a cut out. Lynx observed walking down the road a short distance and bearing weight on it's left paw before disappearing back into the woods.
