David,

We are fine with cancelling the call but I would like to ask that you set up a call as soon as you have a meaningful update . We have to answer questions internally and have not been able to do so over the last month.

Regards,

Christian Spilker
Senior Vice President of Land
Collier Enterprises

Everyone: The Service staff continue our internal discussions on the analysis in the biological opinion. State Supervisor, Larry Williams and the Deputy Assistant Regional Director, John Tirpak (Jack Arnold's replacement) will review what we've provided them on Thursday (today).

The Seminoles have not returned a response to our proposal. Our Tribal Liaison reports that it remains on their calendar of action items.

Service field office staff have been introduced to the State's 404 assumption. No new meetings with the State have been held to address ECPO.

Regional and Field staff are giving the Regional FOIA Officer final review of submittals on several FOIA requests from Fiscal Year 2019. We are nearly done with these long-outstanding requests.

Given that this is all we have to report out, we ask ECPO if you would like to meet this coming Friday?
