Subject: SSURGO Soils Attributes
Date: Friday, January 12, 2018 9:19:47 AM
Attachments: [SSURGO_HENA.xlsx](#)
Importance: High

Hi Rebekah,

I've attached a SSURGO Soils spreadsheet that shows each soil category in our study extent and the attributes that are available. Have a look. We can discuss which attributes we might want to include as a variable in our model.

I will suggest using Mapunit Key (default classification of SSURGO), Drainage Class - Dominant Condition and/or Hydrologic Group - Dominant Condition. Do you see any other that might be useful?

Thanks!

Mark

From: [Reid, Rebekah N](#)
To: [Endries, Mark](#)
Subject: Re: SSURGO Soils Attributes
Date: Tuesday, January 23, 2018 1:46:14 PM

Hey Mark,

I looked through these attributes. Most of the ones that I think will be helpful, beyond what you've already mentioned, are already covered elsewhere in the model (i.e. slope, aspect, geomorphic description, etc.).

Rebekah Reid

Hi Rebekah,

I've attached a SSURGO Soils spreadsheet that shows each soil category in our study extent and the attributes that are available. Have a look. We can discuss which attributes we might want to include as a variable in our model.

I will suggest using Mapunit Key (default classification of SSURGO), Drainage Class - Dominant Condition and/or Hydrologic Group - Dominant Condition. Do you see any other that might be useful?

Thanks!

Mark
