Angela or Meg,

RD office is asking for the original DTS assignment due date for this topic. Did it originally come in via DTS? Was there a due date? I helped Mark create a new DTS but they are asking how it originally came in as an assignment and what is the due date on this assignment.

Thanks

Subject: DTS assistance Rosebud Sioux response letter

Good afternoon Jill,

I could use a little help entering something into the DTS system for Matt's signature. It's a formal response to a Rosebud Sioux letter that went originally to Meg VanNess who brought it to my attention. After assembling a draft response, both Melissa and Angela Burgess have provided edits and we are ready to obtain signatures. The full packet contains our response letter, the letter received from the Rosebud Sioux and several supporting documents, all combined into a single pdf file.

This is my first attempt at DTS, but I believe the review chain would go from myself to Steve and then Matt.

Please let me know what my steps might be.

Much appreciated,

Mark
