Cheryl,

I am not sure this answers Matt's question about a due date but this is how we received the assignment. I don't think it ever came through DTS until Mark responded.

That describes it well, thanks Angela.

Including Mark here as well. As far as I know, ES received the letter through Meg (who received it as described from ACHP). We were anticipating that it would also come to us from DOI/HQ, but not sure if that ever happened. Mark - any clarity on that?

Thanks,
Angela

Nope. I think Chris Wilson at ACHP was just passing this onto us as a heads-up and to be sure we saw it.

Thanks Meg,
Is there a due date?

As best I know (Angela - jump in here if there is additional information), the only notice of this letter came through the Advisory Council on Historic Preservation (ACHP - see e-mail below). Chris from ACHP also contacted me about a week ago asking if we had responded. I said the letter was making its way through the process and I'd send him a copy as soon as it is sent.

I hope that helps,

Meg
