Subject: R-Project White Paper Review

Hello Kevin,

Attached is our review of NPPD's white paper for the R-Project. You had reviewed the white paper and shared comments with us by email. Included in our review is a description of how we applied your comments. Angela had a number of helpful edits and comments on an earlier draft. I addressed most of them, but you will see that there are a number of unresolved comments that we need to address in our meeting on Wednesday.

We appreciate your review of the attached document and welcome any comment you may have. We also look forward to discussing further on Wednesday.

Jeff
