Thanks Jen.

Let's not update people on press release.

Would be nice to hear from Jessie or others from R1 on the BP requested related to NCE EIS...

Nothing else that I can think of.

Subject: GB coordination call

Hilary – For today's coordination call so far I have on the agenda:

1. Timeline for 5-year review (particularly deadline for internal review and when to expect for surname)
2. Comms plan for 5-year review
3. Update that Canada report is complete
4. Press release for dens emerging from their dens (not sure if we need to mention this yet?)

Thoughts?

Thanks!

Jennifer
