Yes, will do, Jen. Might be tomorrow. Need to see finish up IGBC interviews and then still need to review 5yr review.

Subject: SLA presentation for Steve

Hilary – Would you please take a look at the attached presentation for our update Steve on Tuesday regarding our request separate current range and SLA for grizzly bears? I'm not sure about the slides at the end with stressors. I thought they might give an idea of types of consultation actions and concerns that are impacted by the SLA.

Thanks!

Jennifer
