Now that I'm looking at it again, the original IM when it came to me was already 3 pages, and I think it would require too much cutting to get it down to 2. Let's leave it be at 3 pages.

Oh darn. Yeah, if there is an easy way to get it back down to 2 pages, go for it. But if it's not going to work, let me know.

FYI I made two teeny grammatical edits in the 5YSR, but they were so minor I wasn't going to bother you with them... but if you'd like to see let me know. And I had no other comments on that document.

Hi Sarah,

These edits look great! One thing I do notice is that they push the IM on to 3 pages. Do you want me to spend some time finding tiny things to cut to get it back on to two pages? Happy to.

And so glad the 5 YSR reads well! I think the feedback we received during informal review was super helpful, and your ideas for some places to cut redundant text were great. Even though it was a bumpy road, I am very pleased with the product (and so appreciative of the amount of time Craig put in to get us here).

Thanks!

Hi Alex,

I just finished reviewing the grizzly bear 5YSR surname package. I just had a couple of edits to the IM - can you take a look at let me know if these are ok? Otherwise I thought everything looked great! The 5-year review itself reads very well. If you can get me back the IM I should be able to surname today.

Thanks!
