Thanks Alex,

I've already sent the earlier version to Marj and she is planning to review over the next week or two. I'll provide her the updated version, as I don't think she's started her review yet. If you need Marj to review it sooner than March 12, we'll need to let her know.

Hi Jesse,

Folks in our RO completed surname very quickly! This document is now on Steve's virtual desk. As promised, I am attaching the version that was just routed to Steve to this email (in case Marj would prefer to review this one). It did not change substantially from the version I sent you on Wednesday (only very few grammatical corrections). I am including both a version that shows those changes in tracked changes (in case Marj wants to see that) and a clean version.

Please let me know if there is anything else I can do to support this concurrence (happy to ask Steve send this directly to Marj, if that helps?). We are still hoping to send this to the RD's office on March 12, if not sooner. Surname is now a week ahead of schedule, so Steve has two weeks to review/surname, just not sure if he will use all of that time.

Thanks!

Thanks Alex,

Can we set up a time to touch base on this? Want to make sure I'm clear on the process/timing for R1 review. Thanks,

Jesse

Hi Jesse,

Happy Wednesday! Apologies that this is a few days later than promised. Attached is the five-year status review that we put into surname yesterday afternoon. I believe we ultimately decided to start the concurrence process on the version we started to surname (not a later version that might have edits from our RO). Do let me know if I am mistaken on that!

Let me know if you have any questions! It would be great to have R1 concurrence by March 12 (if possible) so we can include it in our package for the RD's office.

Thanks!
