Trina & Jill,

Please see the message I received from Matt Hogan (pasted below) re. the grizzly bear memo for the Director. Sounds like he needs to make some edits and needs a word version. I have attached my word version that I converted to pdf for my signature. Hope this helps. Let me know if more is needed.

"The GB Status Review BP needs some edits but it came in PDF vs word so Cheryl sent it back to get the word version. Hopefully you can expedite getting it back to us. Thx."

Cheers,
Steve
