I think it went well, too. Glad he wants to get the message out. Thanks joe

Thanks to both of you again - he was a little awkward being that Dan's questions weren't really until the end, but they usually just try to switch up the voices. Overall, I think it went well and will work towards or mission of getting this message out, particularly in the Jackson area. Happy to hear any other thoughts as well.

Still waiting to hear back from WY NPR and will update when they get back to me. Thanks again!

Copy that Dan - I hate to ask folks to do anything on leave, are you on A/L tomorrow (Fri) as well?

Good morning/afternoon - just heard back from HQ we are good to publish the grizzly safety release (attached here for reference) and Hilary/Dan doing a couple local interviews as approved in the comms plan.

Are there any objections to moving forward with this today? I'd like to put it out at 1pm MDT. It would be great to do this today to get ahead of the flurry of activity for next week's 5-year review announcement.

Thanks!
