I'll be providing the documents to Christina to upload as soon as we have the signed 5-year review. Hopefully we get it by COB today so we can be sure to have them live at 8am tomorrow.

Hi jen,

I've got a few 5-yr review-related calls (media and congressional) tomorrow morning and will be in and out of IGBST. Just wanted you to be aware.

Are we set on loading the docs onto website? I know it won't be you doing it, but is Christina in the loop?
