Another thing to be mindful of with Cheryl. I signed the 5 year review yesterday and sent to Cheryl around 11 am. As of 8:30 am today, she has still not returned it to the program. I will give her some feedback but something you also might want to accentuate if you have something that needs to be sent back ASAP.

Matt,

Sounds like we need the signed GB 5 YSR by 8 am today to get it uploaded in time for the roll-out.

Can you please send directly to Alex, if you haven't already.

Cheers,

Steve

Apologies for all of the email traffic. I just wanted to correct my message below to read that we must have the signed copy by **8am MT tomorrow** to meet the cadencing in the outreach plan. If it can make its way to me by then, I can disseminate it accordingly.

Thanks!

Hi Steve,

Just wanted to check to see if you'd received any updates on when we will receive this. At the very very latest, we need a signed copy by 9am MT tomorrow so we can work on posting this to all of the appropriate channels.

I am adding Gilbert and Jill to this, just in case it hits their inbox before mine (this is the grizzly five-year status review I emailed about earlier today, DCN: 074346)!

Thanks!

Thanks Steve! That is great news. It would be fantastic to receive the signed copy before COB today so we can be ready to post it online first thing in the morning to comply with the outreach plan.

Hi Steve,

I hope you had a wonderful weekend. I just wanted to check in to see if you have any updates from the RD's office on when we can expect the signed grizzly five-year status review. Just want to make sure we give ourselves any necessary time to post everything by our March 31, 2021, deadline (there is often a slight delay when we post things to ECOS)!

Thanks for your help!
