Thank you Alex,

I know I didn't add much of value, but I got a lot out of the meeting and really appreciated the discussion. Yes, had my hands more than full with my son Jeremiah for virtual second grade-- but made it through and nanny is back this week!

I'll look forward to more full participation in December.

Have a great remainder of your week!

Subject: FW: Grizzly Bear Five-Year Review RTM

When: Wednesday, December 2, 2020, 12:00 AM to Saturday, December 5, 2020, 12:00 AM.

Where: Denver, CO

Hi Tyler,

This is our current placeholder for the grizzly bear five-year review RTM. As you can see, once upon a time, we hoped to have this in person. I am assuming we will need to hold this virtually, but we will determine those details later this year.

Thank you for joining us this week! It was wonderful to have your perspective. Hope your daughter's school starts to go more smoothly!

Alex

Subject: Grizzly Bear Five-Year Review RTM

When: Wednesday, December 2, 2020, 12:00 AM to Saturday, December 5, 2020, 12:00 AM.

Where: Denver, CO

Hi all,

Thanks for your patience with all of these scheduling emails. Considering the tight timeline for completing the five-year review, I wanted to hold people's calendars for our Recommendation Team Meeting, during which decision-makers (e.g., ARDs from relevant Regions) will, based on the information in the biological report, come to consensus on the status recommendations to present in the grizzly bear five-year review.

We will hold this meeting in Denver, CO. Wednesday December 2 is a travel day. We will meet on Thursday December 3 and the morning of Friday December 4. You can travel home the afternoon of December 4. If you are not available on these dates, please let me know if you plan to send a designee. If enough people have a conflict, we can revisit the scheduling. More travel logistics and details to follow later this year.

Reach out with any questions or concerns!

Alex Kasdin
