Description

Long Description

Re: FOIA Request - Lethal Removal of Grizzly Bear 399's Cub I request all records of every kind and character, including hard-copy and electronic, that relate, directly or indirectly, to the lethal removal in July 2022 of a cub (possibly #1057) of Grizzly Bear 399 in or near Grand Teton National Park or Bridger-Teton National Forest by the Wyoming Game & Fish Department (WGFD) pursuant to authorization by the U. S. Fish & Wildlife Service (FWS). The request includes, but is not limited to, communications involving FWS Region 6 and WGFD; FWS Region 6 and FWS Headquarters; FWS offices within Region 6; FWS and other federal agencies; and FWS and third parties such as non-government agencies and individuals. The request includes, but is not limited to, photographs and notes, memos all other forms of communication. I believe that most of the requested records will be located in the office of the FWS Grizzly Bear Recovery Coordinator, Missoula, Montana; the office of Grand Teton National Park, Jackson Hole, Wyoming; and/or the office of Bridger-Teton National Forest in northwest Wyoming. However, that belief is intended to facilitate, not restrict, the scope of your search. I believe that no FOIA exemption applies, in whole or in part, to any of the requested records and, therefore, that no requested records should be withheld or redacted. For example, the attorney-privilege applied because legal advice was not requested or provided and lawyers were not involved. I prefer to receive the requested records in electronic format. I will pay appropriate fees associated with processing this request up to \$200.00. However, since I am an "other requester" seeking the requested records for personal use and not for commercial use, I understand that I will be charged only for record searches and photocopying. Please acknowledge receipt of this request and advise me when you expect to provide the requested records. Please let me know as soon as possible if you have any questions or need additional information with regard to this request.
