Great news, thank you David! We look forward to working with you on the Project.
Best regards,
Nancy

Tina –

Our office, the Tennessee Ecological Services Field Office, would like to act as a cooperator on the Ridgeline Expansion Project (PF22-7). As I understand that a request to you will initiate that cooperator status, please consider this email to be that request.

If additional information or discussion will be needed to that end, feel free to contact me.

Hi David – Per your comment today, I am re-forwarding the FERC cooperating agency guidance document/information so you don't have to go digging for it (see attached). Please feel free to reach out to Nancy with any questions. She is out sick this week but she can give you a call next week if you have any questions or want to discuss the issue further.

Let us know if you need anything else (and have a nice day!).

Tina
