OK thank you! I have a few reporters checking in so I'm going to tell them we will be conducting our assessment once the road closure ends. I also sent an update to HQ EA and let them know we may be sending a statement for DOI approval no sooner than late tonight if not over the weekend. They will be keeping an eye out for it so we can hopefully notify reporters in a timely manner once the assessment is complete. Thank you for keeping me in the loop, I appreciate it!

So we just got word from SpaceX that they are going to keep it closed until late today. So we are still prevented from conducting our impact assessment due to safety concerns.

Aubry, SpaceX is expected to allow us in at 2:00 CST. It will take some time to get a full assessment.

Good morning! Just checking in. Have your staff been able to access the property to assess damages or is that still planned for later today?
