# Description

## Long Description

Any and all written correspondence, including photographs, from Fish and Wildlife Service staff documenting the impacts of SpaceX's Starship rocket launch on April 20, 2023. I would like these records in electronic format transmitted via email or another digital format. Please refrain from sending paper copies of the records. So that this request does not place an undue burden on your staff, I am limiting the request to photographs and correspondence from a one week time frame: April 22 through April 29, 2023. If you determine that any or all of the information qualifies for an exemption from disclosure, I ask you to note whether, as is normally the case under the Act, the exemption is discretionary, and if so whether it is necessary in this case to exercise your discretion to withhold the information. If you determine that some but not all the information is exempt from disclosure and that you intend to withhold it, I ask that you redact it for the time being and make the rest available as requested. In any event, please provide a signed notification citing the legal authorities on which you rely if you determine that any or all the information is exempt and will not be disclosed.

## Fee Category and Fee

We have classified you as a representative of the **news media**. As such, we may charge you for some of our duplication costs, but we will not charge you for our search or review costs; you also are entitled to up to 100 pages of photocopies (or an equivalent volume) for free. See 43 C.F.R. § 2.39. If, after taking into consideration your fee category entitlements, and our processing costs are less than \$50.00, we will not bill you because the cost of collection would be greater than the fee collected. See 43 C.F.R. § 2.37(g)

**Because there is no billable cost to process your request, there is no need to address your fee waiver request.**

### **Multitrack Processing**

We use Multitrack Processing to process FOIA requests. The Simple track is for requests that would generally take one to five workdays to process. The Normal track is for requests that would generally take six to twenty workdays to process. The Complex track is for requests that would generally take twenty-one to sixty workdays to process. The Extraordinary track is for requests that would generally take more than sixty workdays to process. The Expedited track is for requests that have been granted expedited processing, which are processed as soon as practicable. Within each track, requests are usually processed on a first-in, first-out basis. **Your request falls into the Normal processing track.** There are 13 requests pending ahead of yours in this processing track.
