Will do, thank you. All debris was located on SpaceX property and Boca Chica State Park lands. TPWD should be coordinating those efforts with SpaceX.

Good morning Chris,

Please include me on your emails on the anomaly response plan.

Thanks,

Oralia

Thanks, Chris—I appreciate the updates! I will pass this along to others here at THC.

If we can help at all or if there is anything we should discuss, just let us know.

Thanks

Justin Kockritz

Folks:

As per the Anomaly Response Plan, I wanted to let you know that SpaceX has initiated the anomaly response plan to address the debris from this launch. As soon as the area is safe to enter, I expect to tour the site to assess post-launch impacts. I don't expect debris from the ship/booster since it was aborted off the coast but the launch itself expelled lots of debris and started a grass fire. Camera equipment and vehicles left across the highway were significantly damaged and pieces strewn about. Let me know if you need anything else.

Thanks.
