Gary--

Here is a revised BP that hopefully makes the points you wanted to see. it is running a bit long now but I don't think there is anything superficial in here.

We'll try to put together a flow-chart for you too. Let me know if this works or if you want it refined further.

Re: Revised BP for 316(b) Regulation

Excellent. Much clearer. Flow-chart no longer critical. Thanks. -- gDF

Dear Gary,

Drew did create a flow chart to help clarify the main points of the ESA coordination process with the facilities. Let us know if there is anything else we can do to help.

Good luck,
Patrice
