Hi Rick,  
OMB/Cortney has asked if we can set up a staff level call this week to discuss the remaining ESA issues. Can you please give me a call when you have moment? I want to be sure we have the right people on the phone when we get this scheduled. It sounds like OMB will have their General Counsel participate, so we may need to pull in an attorney from our side too. Also, is this something we want to limit to OMB and the Services, or is FWS comfortable having EPA on the line?

Thanks,
