Here is the track changed version of the rule that represents Jenny's and my suggested edits. I've removed all side comment bubbles and highlighting (except where EPA included it in the version they distributed). The majority of the edits are found up front and in pages 42-67. Once Rob finalizes the letter, we should be good to send this to OMB. Let me know if you have any questions or edits on the track changes.

Thanks  
Drew
