I tweaked language in the opening paragraph, but specifically highlighted changes to our recommendations that changed since our last letter to OMB.

I made a few tweaks and saved it as 11-7-13 coment letter to OMB_second round of comments with RES comments

Take a look and let me know if there is anything of concern. I don't think our earlier comments were ever submitted to OMB so I rephrased that portion and I did some adjusting to part 3.

I accepted your suggested edits and saved it in a new folder labeled November 2013 OMB comment letter.

Do you think we should share that draft with Jenny before the 3:00 call?
