Attached is the revised BO with Gary's edits addressed. I left the changes we talked about and one additional minor change in track changes for ease of finding them (pages 5, 6, 33, and 59).

Sorry if this is a repeat question Rick, but after your final review, do you send this to Rob for DTS or do I?

Thanks!
Drew

Looks good. Ask Rob to clean it up and prepare a transmittal memo for me to sign. He can then upload it to DTS and I can sign through DTS or in hardcopy.

Thanks for all of your hard work on this-- I really appreciate the professionalism and technical expertise you put into this.
