Hi All,

The question Troy poses is one we have been (b)(5) Deliberative Process [REDACTED] We have a list of facilities and a map of facilities (the one provided) but have not been able to get the combination of the two. I requested it again about 2 weeks ago but have not received anything. (b)(5) Deliberative Process [REDACTED]

[REDACTED] It does not give actual location, type of facility, amount of water withdrawn, or specific species overlapped. (b)(5) Deliberative Process [REDACTED]

(b)(5) Deliberative Process [REDACTED]

I'll forward the request to Drew in HQ to see if there more more detailed information available.

The key on the map included with the other email is hard to decipher in terms of the number of facilities each dot is representing. Without a list of actual facility names/locations, it's hard for us to provide a decisive statement on whether or not this is or isn't an issue in Virginia. (b)(5) Deliberative Process [REDACTED]

[REDACTED] I can affirmatively state that to date, we have not completed any consultations or HCPs for facilities that have cooling water intake structures.

Would it be possible for us to obtain additional information about the facilities depicted on the map?

Happy Friday.

Troy
