I think writing out threatened and endangered looks better. (b)(5) Deliberative Process
[REDACTED]

No need to duplicate the heading (birds, reptiles) (b)(5) Deliberative Process
[REDACTED]

Thanks!

Here's the path to the BE. The table that EPA provided begins on page 21 of the document. The table that you're helping out with for the BO is attached as well (it's actually 2 tables combined, hence the duplication of "Birds, Amphibians..."). Let me know if you have any questions.

Thank you!!
Drew
