Ready or not, here it is :)

There are 2 tables and a figure that still need work. Also, disregard the highlighting, as it is my way of keeping track of lit citations (which are not complete yet). If you have any questions while I'm gone, I'll have my cell and access to a computer. The document is also saved in the R drive at the following path:

R:\DER\BCH\EPA\316b\Biological Opinion

Thanks, and have fun with this!
