**Subject:** On meeting to talk about the 316(b) consultation

Hello!

Jenny, Pam, and I can't meet Friday morning. Here is what I propose. If we can set up a call for Friday afternoon and lay out the series of meetings we are going to have that would be great, unless you all are planning on meeting every day next week.

And where do you want to have these meetings? We would be happy to find a place here in our office for at least part of the discussion if folks want to come to Silver Spring.

And I am not sure who from EPA will be attending so I just started with Rob as a contact for the moment.

So let me know what you are all thinking here and we can go from there.

Cathy T.

Can you do a call at noon or 2pm tomorrow?

How is your schedule on Monday and Tuesday? I can clear the decks Monday to work on this and can make any time available up to 1pm Tuesday. After that I will be in off to Denver.

Cathy - I've dropped EPA/DOJ and added Sam and Chris for this question:  
I gather that Jenny and Rick will be meeting today. Can we commit to get some written response to EPA tomorrow, conference call to discuss it in the afternoon, and schedule an all- or most-day meeting Monday?
