Next week is fairly open for me, at least meeting-wise, so whenever works for you is fine.

Maybe good news on 316b. I just had a passing conversation with Rick, (b)(5) Deliberative Process

Drew, I am swamped today...do you want to try to talk (b)(5) Deliberative Process?
Or maybe next week Thurs or Friday? I'll let you know more about 316b when I hear anything solid.

Thanks Jenny! (b)(5) Deliberative Process

Have you heard anything back from your mgmt yet regarding yesterday and the understanding that the staff level folks had on the preferred path forward (George is of the same opinion as we are)?

Did you want to try and have a call today (b)(5) Deliberative Process ?
