Hi everyone,

Thanks for a great meeting today! I know it was long, but I think we got a lot done (so much so that I actually feel a little ahead of the game, for the moment;-)

I'm sending the version that Drew provided with another 5 or 6 comments that we added after 2:00. I am going to use this document to add all of the other edits that I said I would add (i.e., **(b)(5) Deliberative Process**, etc.). Then, I'm going to go through it again to make sure we've used consistent language throughout. Finally, I will make that table I was talking about, with areas to include EPA's responses and dates/initials when we come to agreements. All of this will probably take me a little while, so don't expect updates from me until Monday. If you have edits, go ahead and make them on this version, and I will incorporate before Tuesday.

Thanks again, and for those taking tomorrow off, have a great weekend!

Jenny

Attached is the document we were working in today. Jenny will add the last few things we talked about since we didn't have a computer handy.

Thanks
