Attachments Withheld - b5 Deliberative Process

Hi Everyone,

Attached is the Services' response to EPA's pass-back (i.e., Services' additional edits on the regulation). In this version, we highlighted the new track changes to make them easier to find. (b)(5) Deliberative Process

If you agree to these track changes, please unhighlight them, so that we can focus Monday's discussion on the highlighted changes. (If you can send us the "less highlighted" version before Monday, great, if not, would you have it available for use at the meeting?)

Also attached is a draft list of (b)(5) Deliberative Process

We proposed the following agenda:

1. Review highlighted regulation language. (b)(5) Deliberative Process

We hope to tackle all agenda items on Monday, but if that is not possible, we have Tuesday morning to finish.

Thanks, and please let me know if you have any questions or concerns.

Jenny
