Dear Mr. Frazer,

We spoke back in the summer when EPA initiated formal consultation. Riverkeeper and the other environmental groups would like to meet with the FWS and NMFS on this topic. We will be in DC for a meeting on the rule with OMB on November 15 and would like to meet with you that same day, if possible.

Please let me know.

Thanks very much,
Reed

Dear Gary-
Will do. Let us know if you think others (like Drew and myself) could attend this meeting, as it should be very interesting.

Thanks,

We received a request from Reed Super asking us to meet with Riverkeepers and other environmental groups on Nov 15. We are happy to do so but would prefer to have the meeting include NOAA and EPA. Are you guys also available that day? Their request was to meet with FWS and NMFS but my strong preference would be to have someone from EPA attend as well.

Rick,
Thanks for contacting me. We are available on November 15, yet I am sure you understand that the scope of what we (the Services) can discuss with RiverKeepers while we are in the consultation process is limited. We have a general section 7 presentation that has been used for similar stakeholder meetings on other issues as a starting point for this meeting.

Please let me know if this meeting is confirmed. Jenny, Ron, and Pam would be the appropriate staff to attend.

Regards,
Kris

Dear Mr. Frazer,

We spoke back in the summer when EPA initiated formal consultation. Riverkeeper and the other environmental groups would like to meet with the FWS and NMFS on this topic. We will be in DC for a meeting on the rule with OMB on November 15 and would like to meet with you that same day, if possible.

Please let me know.

Thanks very much,
Reed

It sounds like a good idea for us to participate with the Services in this meeting and I'm available. I'll check on others' availability too. By that time I think we will have

talked through next steps together. (b)(5) Deliberative Process

Hi Rick,

Would 12:30pm work? If we arrive at Union Station at 11:30am, that would give us enough time to take the Red Line to the Orange Line to Ballston, pass security and come up to your offices, right? We then have a 3:30pm meeting at OMB to get to back in DC.

If that works, let's set it up. We can adjust the time a bit as needed, and if necessary we could take an earlier train (though it's more expensive).

Thanks,
Reed

I will pencil it into my schedule and check with my colleagues at EPA and NOAA for their availability. I'll let you know as soon as I hear from them about their availability.

The timing you described should work about right.

Would 12:30pm work? If we arrive at Union Station at 11:30am, that would give us enough time to take the Red Line to the Orange Line to Ballston, pass security and come up to your offices, right? We then have a 3:30pm meeting at OMB to get to back in DC.

If that works, let's set it up. We can adjust the time a bit as needed, and if necessary we could take an earlier train (though it's more expensive).
