Rick and Jenny,

In my Friday message to Rick I said we expected to send the revisions today. There is some additional management review happening today so it will be delayed until tomorrow. Thanks for your patience.

Hi Rob,

Thanks for the update. Would you send me an email confirming that EPA agrees to an extension? I understand that it's not possible to set a new deadline at this time, but I just need a written record that our biological opinion is not due on Thursday.

Thanks!

Paul--

I think we need to put EPA on alert that our prior promise to deliver a draft BO within 30 days of receipt of the revised 316b regulation needs to be revised (b)(5) Deliberative Process. Non-Responsive. Originally, I figured that the processing would be far enough along by November 25th that we could manage this but it is pretty clear now that we will be right in the middle of processing this BO (b)(5) Deliberative Process
