Rick -- I vaguely remember something on this coming through a while back, and I think I either forwarded it to you or pointed them in your direction. Does it ring a bell? -- GDF

Gary Frazer
Assistant Director -- Ecological Services
U.S. Fish and Wildlife Service

Definitely rings a bell and Paul discussed this with Nancy Stoner and he reported back that Betsy Sutherland was supposed to give me a call first to see if there really are issues that need to be elevated to your level. Perhaps Nancy has changed her mind.

Here is a BP about it. Drew Crane has been handling this one and Patrice is also looped in. (b)(5) Deliberative Process

. They are on a short clock for finishing this (June 27th) and have not yet initiated formal consultation. We and NMFS have both told them that we do not think we can complete a formal consultation by their court-approved date.
