Subject: 316(b) cooling water intake consultation

Can we sit down for a few minutes following our pesticide NAS study meeting on Tuesday to discuss the subject consultation? We would like to see if we can all get on the same page on our level as to the best way forward.

Thanks-- Helen

Any chance we can do it before? How about 12:30 pm?

Thanks,

We all have a meeting from 11-12. Depending on trains, it will take us between 35-50 minutes to get to MIB. We can certainly call you as soon as we get there and we should have time to at least start the conversation (but be forewarned that we will all likely come with lunches in hand).

Helen,

I worry that we won't have the time today that we need to give it the attention it deserves.
Would it be possible to have a conference call on this subject tomorrow at 9:00 am?

Thanks,
