Deliberative Process

Hi Everyone,

Here is my best shot at our regulation edits and recommendations. Please use this version of the reg if you want to make additional edits on Monday. I'd like to try to get the edited reg and spreadsheet out to EPA by COB Monday, so they have a little chance to review before Tuesday (unless you think that's a bad idea). I will be sending this version to our Regions, just to let them know what we're recommending...

1) (b)(5) Deliberative Process
