To Services staff: a recently scheduled EPA meeting requires a few key people to be delayed till 2pm; I've kept the 4 hour time frame, but realize that may not work. If not, let me know and we will simply go from 2 to 5 pm on Tuesday and figure out from there if we need to make up the additional time. Apologies for the change in plans.

Hi Everyone,

Drew and I met today to make additional edits to the regulation. Please use this version of the reg to review/discuss for our Tuesday meeting.

Thank you, and hope you have/had a great weekend!

Jenny

Following up, here are NOAA's recommendation tracking spreadsheets (one by page number, one by topic). We do not need to use this in our meeting today, but I ask that EPA track their responses to our recommendations in these spreadsheets for next week, so that we know when an issue has been resolved.

Thanks,

Jenny
