Hi Drew,

11:45 works for me. How about this...let's just talk about what I have so far in the reg and where to put in the language that you mentioned last night (b)(5) Deliberative Process

I think we're basically going to send the reg (with track changes), (b)(5)

**Non-Responsive**

I have a hour briefing with Gary at 10 tomorrow morning. So I should be free from about 11:45 on.

On the reg language, is the thought to go over what you have pulled together and where we differ, I would modify accordingly? Essentially we are each providing our own comment document back to OMB but they will look really similar? I haven't really worked on modifying the reg language too much at this point, but I am happy to do so for tomorrow's meeting.

Wellll, I'm still not done with the reg language, but I don't think it's that much. Just an hour or two, and I'm available all day. So, I'll leave it up to you. We can just talk on the phone, too, so that I can telework;-)

Do you you know how long you would like to meet tomorrow? Also, were you thinking tomorrow afternoon? Sorry for my forgetfulness.

Drew
