Hi Jenny,

Thank you for compiling all the edits!

Patrice and I met with Rick this morning to go over some suggestions and edits he had. The attached document reflects the discussion we had. I don't think there is anything that raised concern on our part. He also suggested that we may not want to present the excel table you pulled together just yet. Let me know if you have any questions.

Thanks

Drew

Hi Everyone,

Let me know if you have comments on our 316(b) recommendations. If I don't hear from you before 3:00, I will send out to EPA. I'd like to give them some time to review if possible. I will stress that it's our first draft and staff's recommendations (not managers').
