Cathy,

Attached is the draft BO with comments addressed. I've left track changes in those areas that are pertinent for review. If everything looks ok, feel free to delete the comments and accept the track changes. I have a call with Gary at 11:00 to go over the key changes/comments from last week. Unless there is something major he would like to see after that, I'll probably just provide him the final clean version after you have completed your review.

Kris, I think the only thing left on your end to add is the estuary section in the baseline.

Let me know if either of you have any questions.

Thanks

Drew
