Folks,

Do you have some time to discuss communications on 316(b) today? I don't think we'll need a full communications plan, but I do think we should have some talking points about the consultation process so that we are prepared to respond to questions in a consistent manner. How about 9:00 am, 2:00 pm, or 3:00 pm?

Best,

Paul Souza

Hello!

Here is the EPA roll-out plan. I am working on one for us unless you think this is good enough. I am concerned that we are going to get questions about the process we agreed to and that is what I am putting in my roll-out plan at the moment.

Cathy T.

Travis -

I need to get your communications package on the 316(b) project today if you can. I need to get our version of this together today and want us to be coordinated on this if at all possible.

Rob - Can you work with Travis on getting me this information?

I know you all very busy and thanks for your help here -

Cathy T.

Travis - Actually you need to call me because I now see that your phone number is not in this e-mail.

My number is [971.506.4052](tel:971.506.4052).

I getting calls about our putting together talking points but I wanted to see what you are saying as I construct our talking points.

Thanks -

Cathy Tortorici

Travis,

Coincidentally, one of my NMFS contacts just asked me about roll out. They are not planning to do any briefings or phone calls, but do want to be prepared in case they get questions. The first two cc's on this message are Cathy Tortorici (NMFS) and Patrice Ashfield (FWS). Can you please send them the draft EPA press release and the Qs and As? They will identify and respond with a communications point of contact at each Service for you to coordinate with. Let me know if any questions. Thanks.

Rob
