I swore I wasn't going to do this, especially b.c I am supposed to be working on SG memos, but I was trying to organize my thoughts, and perhaps send you a draft purpose section for the 316b memo, but I got carried away. Feel free to discard or pick out what is helpful or we can talk about it in the morning. It takes into account what I got from Chris.

Sarah -- Your structure was better, so I melded my content into yours. See the attached. Let me know if you think changes are needed before I send it to Elizabeth.-- GDF

Thanks Gary! (b)(5) Deliberative Process

She wanted some language and some examples. Can we add that?

SG memos, but I was trying to organize my thoughts, and perhaps send you a draft purpose section for the 316b memo, but I got carried away. Feel free to discard or pick out what is helpful or we can talk about it in the morning. It takes into account what I got from Chris.
